RESEARCHERS

List of researchers and lecturers in various
fields of research and development

2023 - 2024

The background is a dark blue field filled with intricate, glowing white and light blue circuit patterns. These patterns resemble a complex network of data lines or a microscopic view of a microchip. In the lower-left quadrant, there is a prominent, detailed illustration of a square integrated circuit (chip) with a grid of pins and a central square area containing a smaller grid. The overall aesthetic is high-tech and digital.

The background is a dark, textured surface with a faint hexagonal pattern. It features several glowing, translucent molecular structures and chemical formulas. A large, complex molecule is visible in the lower half, with various branches and rings. Smaller, circular elements containing CH_3 and OH are scattered throughout. Two horizontal red lines are positioned above and below the main title.

Chemical Engineering
